2016 MID-SOUTH REGIONAL SILHOUETTE MATCHES

RANGE INFORMATION & COURSES OF FIRE:

Range 1 - Highpower Rifle and Highpower Hunting Rifle:

The NRA allows a plus or minus 1% deviation from regulation distances in the planning and construction of silhouette ranges. In order to accommodate 2 sets of targets, the Benton Gun Club HP silhouette range makes use of this allowed deviation. The distances to targets are as follows:

Chickens: Upper Rail – 202 meters; Lower Rail 198 meters

Pigs: Upper Rail – 303 meters; Lower Rail 297 meters

Turkeys: Upper Rail – 388.85 meters; Lower Rail 381.15 meters

Rams: Upper Rail – 505 meters; Lower Rail 495 meters

Course of Fire: Each competitor will fire on 1 upper bank and 1 lower bank of targets. The upper rail of targets will be fired on as the first bank of 5 targets, followed by the lower bank of 5 targets. There will be two (2) firing positions for each distance, and will be determined by color (yellow & red).

Range 2 - Smallbore Rifle and Smallbore Hunting Rifle:

All targets are set at regulation distances, and are measured in meters. 40, 60, 77, 100

Course of Fire: Each competitor will begin on an odd numbered bank of animals, i.e., 1, 3, or 5, and end on an even numbered bank on animals, i.e., 2, 4, or 6. The 15 targets will be fired as follows:

Starting position-Bank #1; first set of 5 targets-lower rail on #1; second set of 5 targets-upper rail on #1; third set of 5 targets-lower rail on #2.

The upper bank of even numbered rails will be used to pick up any missing targets.
